

RING SIZE FINDER

NOTICE: Download this PDF. Print these pages in its original format.
Be sure to set your printer at 100% before printing.
If you don't do this the scale of sizes will change.

TO PRINT

Go to FILE and choose the PRINT option. Then go to PAGE HANDLING,
and in the PAGE SCALING box choose NONE.

Verify the page was printed correctly by measuring the 100 mm line.
Your measure should be exactly 10 cm.

When considering a wide band or if your knuckle is a lot larger than the base of your finger,
move up a size from your measurement, for comfort's sake.

- ◆ If you have a ring that fits you, use this scale to find your size.
- ◆ Place a ring that fits you over the circle making sure the inside of your ring lines up with the outside of the circle.
- ◆ To find out your size use as a reference the inside circle of your ring.
- ◆ You can also check your size using the lines below every circle which correspond to the diameter of the ring.
- ◆ Different countries have different ring-size systems. All sizes listed here are standard American sizes.

How to measure?
